

North Sportsman's Club Range Safety Officers Guidelines

1. The Range Safety Officer is the Club's Official on the firing line to ensure safety and help shooters by educating them about safe shooting and range safety. Range Safety Officers provide direct supervision on the firing line to ensure that shooters follow all range regulations to prevent possible injury and property damage. It is the duty of the Range Safety Officer to maintain order on the range.
2. The Range Safety Officer's authority is provided by the Standard Operating Procedures of The North Sportsman's Club as adopted and approved by the Board of Directors. All range users are required to follow the directions of the Range Safety Officer on duty. Failure to follow the directions of the on duty Range Safety Officer may result in loss of range privileges and other sanctions as decided by the Board of Directors.
3. Commands issued by Range Safety Officers are to be obeyed immediately and without question. Any questions regarding commands may be addressed after the command has been followed.
4. Range Safety Officers have the right and obligation to inspect any firearm or ammunition for safety considerations and the right to ban or restrict the use of any firearm or ammunition they deem to be unsafe or not within the guidelines for use on the range.
5. Any dispute regarding directions from a Range Safety Officer should be communicated to the Chief Range Safety Officer .
